LET'S CELEBRATE NATURE 2016

The **Eco warriors of DPS-GBN** have taken an initiative to spread awareness to save the Mother Earth. In order to teach the children the importance of preserving, conserving and saving our Earth, our school organised various activities for the children. The motto of the activity was **"Go Green"**. The **activities were held in the first week of**

July. The students were explained how the human activities in the modern world are a threat to the nature and eventually lead to its destruction. Various activities were conducted from classes I-XI like poster making, compost making, collage making and report writing.

Our school is continuously working towards creating an awareness to save the Mother Earth.

SMILE ON INNOCENT FACES!

Interact club, a part of DPS, GBN has taken this initiative forward by bringing smile to the faces of these little kids in its unique way. Interact club members **Kovid Lakhera (President)** and his team mates **Puneet Awana, Srija Chawla and Ananya Dhaka** spent their time with these underprivileged children. They provided moral education to these lovely kids through play way method. They performed the activities like singing and dancing, rhyme recitation, story narration. They also played a video on basic traffic rules which the kids thoroughly enjoyed. Students distributed toffees among the kids to culminate this special occasion with sweets.

EVOLUTION OF SCIENCE

The Science week was conducted in DPS, GBN for classes **VI-XI from 18th – 20th July, 2016**, on the theme **"Evolution of Science"**. Children participated enthusiastically and showed keen interest in all the activities. On Day 1 various activities were designed for the students who actively participated in this marathon, like "RELAY RACE" on EVOLUTION of SCIENCE, which was a

question hour-round. Role plays were planned and executed where the students chose their favourite scientists and enacted them. Brochures were designed by students which showcased their creativity and aesthetic sense. Day 2 witnessed the innovative ideas of the students of Class VIII-who designed '3-D logos', on the theme of "360° evolution of Science". Students even decorated their classes with scientific gadgets that were used in different eras. The week culminated with an activity, which was an Inter-Class competition, in which children brought nutritious food and gave it scientific names. A special assembly was conducted on **20th July, 2016**, where children from classes **VI-XI**, presented the important discoveries in an interactive manner. 19th Century's discoveries were recited through a poem, 20th Century Science was presented in the form of a quiz and 21st Century, which marked the closing performance, was a robotic dance that was based on the fact that **Science never goes out of style.**
