### "Happiness doesn't result from what we get, but from what we give." -Ben Carson

Joy of sharing was an opportunity for our "Interact Club Members" to explore and share happiness with the one who need the most. Vidya Kendra is an integral part of DPS-GBN where under privileged kids from age group of 3-6 come and get free education, justifying the school motto "SERVICE BEFORE SELF" and to extend one step further. Interact Club members decided to celebrate the festival of light "Deepawali" with them and distributed eatables to them. Little kids gave the company to the members where they danced to the music which was the best part of this activity. The little ones looked extremely happy. At the end, the members wished the little ones "Happy Diwali". It was an interactive session full of fun and entertainment. This was a small initiative to bring happiness in their lives.
