# EVENTS: SEPTEMBER, 2018-19

## DAY CARE

### HOT & COLD ACTIVITY

For a better understanding of 'Hot and Cold' concept, **Day Care** organized **Hot & Cold Activity** on **Wednesday, September 12, 2018** and **Thursday, September 13, 2018** wherein the children made 'hot chocolate milk' and were also treated to 'cold ice-cream'. They loved this way of learning the concept.

### GREEN DAY

To reinforce the recognition of 'Green' colour, **Day Care** celebrated **Green Day** on **Monday, September 17, 2018**. The children came dressed in green coloured attire and participated in Special Assembly and spoke few lines about a green coloured object that they got from home. They relished green vegetables in their tiffins. Girls had their nails painted green and all went back happy carrying green balloons.

To further enhance the recognition of the colour and instill the love for Mother Nature, kids planted a sapling in the school garden.

## DAY CARE & NURSERY

### VISIT TO THE VEGETABLE MARKET

To help the students understand that vegetables are an important component of a healthy diet, a vegetable market was set up in the school premises for **Day care and Nursery** children on **Monday, September 17, 2018**. Children were told the importance of each vegetable, its colour, its nutrient value and the process of purchase and sale. This fun filled activity witnessed an enthusiastic participation by all the children.

# EVENTS: SEPTEMBER, 2018-19

## DAY CARE | NURSERY | PREP

### SWACHHATA PAKHWADA

To instill the importance of cleanliness amongst children from an early age, **Day Care, Nursery and Prep** classes celebrated **Swachhata Pakhwada** from **September 1 - 15, 2018**. The children were sensitised about keeping the surroundings clean through a wide range of activities

including cleanliness song and dance, healthy hand wash activity, role plays etc. The children took a pledge to keep their school, homes & public places clean. The whole drive was quite inspiring and motivating for the children. The

small steps taken by these young kids today will sow a seed for a bright future tomorrow!

### WHITE DAY

Fun and frolic ruled the day when **Nursery** celebrated **White Day**

on **Friday, September 14, 2018**.

Our young Dipsites looked like angels dressed up in white coloured clothes.

Children enjoyed the story telling

session during assembly followed by a dance performance by WE kids. The highlight of the day was a **'Popcorn Party'** wherein the kids relished popcorn with their friends.

### NURSERY

### COLOURING COMPETITION

"Every child is an artist"- Pablo Picasso

Keeping this in mind and to explore the creative potential of the young minds, a **'Colouring Competition'** was organised for **Nursery** children on **Tuesday, September 18, 2018**. The children showcased their creative skills in colouring and came up with amazing art work. Colouring was done so beautifully and diligently by the children that selecting the best colouring sheet was a tough task for the judges. The efforts of all the students were applaudable.

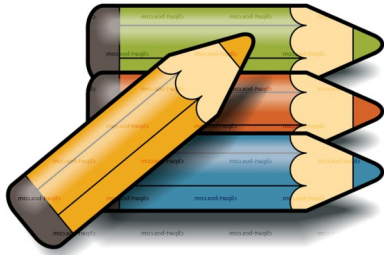

# EVENTS: SEPTEMBER, 2018-19

## BLACK COLOUR DAY

Aabra Ka dabra!!! These words echoed in the **Nursery** wing while they celebrated **Black colour day** on **Thursday, September 20, 2018**. The day began with a special assembly wherein kids were mesmerized watching '**Shadow Play**'.

This fun way of learning colour was enjoyed by one and all.

## PREP

To unleash the poetic proficiencies of our young scholars, a **Doha Recitation Competition - 'Anmol Vachan'** was organized on **Thursday, September 13** and **Friday, September 14, 2018**. The little ones recited 'dohas' along with their meaning and left everyone spellbound with their soul-stirring expressions.

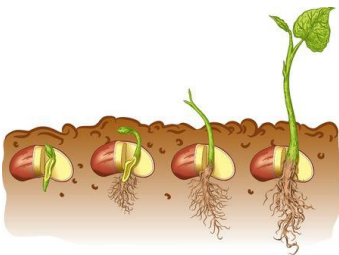

## ANMOL VACHAN

## SEED GERMINATION ACTIVITY

Plants come from seeds! Most of the children are well aware of this fact but to give them hands on experience about the process, '**Seed Germination Activity**' was organized on **Wednesday, September 19, 2018**.

To make this activity eco-friendly, the sowing was done in egg trays. The scholars were explained about the biotic factors such as water, air, sunlight and suitable temperature which are the pre-requisites for healthy growth of a plant. It was all together a fun filled experience with an attempt to bring children closer to the nature.
